### Kenzen Wellness Organic-Based Nutrition

**The Nikken Nutrition Philosophy**

Hippocrates, the father of medical science, said, "Let food be your medicine." Nikken Kenzen Wellness Organic-Based Nutrition is founded on the principle that natural, whole foods are the ideal source of the nutrients your body was designed to consume. They are "living foods" in the sense that healthy, natural nutrition supports normal physical function, contributes fuel for energy, and helps the body defend itself against illness, aging and environmental challenge.

**NIKKEN JADE GREENZYMES FEATURES AND BENEFITS:**

- **Young barley grass** . . . . . At its freshest and most alive with concentrated nutrients.
- **Only the highest-quality, organic materials** . . . . . All natural, no preservatives, fillers or additives.
- **Only the juice is used, no pulp.** . . . . . Juice has the highest concentration of vitamins and minerals.
- **Prepared using a cold process.** . . . . . No heat, which can destroy enzymes.
- **Nikken Proprietary Blend** . . . . . Organic acacia and organic pearl barley seed extract powder.
- **Available in powder or capsules.** . . . . . For adding to meals, beverages, or anytime use.
- **Detoxifying** . . . . . For circulatory and colon health.\*
- **Supports skin elasticity** . . . . . To help prevent the signs of aging.\*
- **Natural pH regulation** . . . . . To influence the body's acid/alkaline stability.\*

\*\* Does not apply to capsules shell.

**THE FACTS**

- Barley grass juice has been described as a complete salad in a glass. Jade GreenZymes is more than barley grass; it offers a balanced blend of nutrients, vitamins and minerals. Jade GreenZymes includes the Nikken Proprietary Blend of organic acacia fiber and organic pearl barley seed extract, to provide additional enzymes and water-soluble fiber.
- This all-natural, healthy organic material is carefully harvested, using traditional methods. The result is the principal ingredient in Jade GreenZymes.
- Jade GreenZymes is fresh. Some barley grass powders advertise a long shelf life — which means that preservative agents are used in their manufacture. Jade GreenZymes has the clean taste and full balance of enzymes provided by organically-sourced green barley grass, packaged at the peak of freshness. Occasional slight variations in color, taste, consistency or solubility are the result of varying chlorophyll content between different harvests and reflect the authentic character of the ingredients.
- Enzymes are necessary to a number of body functions. Enzymes oxidize fatty acids. They aid in ridding the body of waste and in maintaining healthy bones and tissues. Jade GreenZymes is carefully cold-processed to retain the natural enzyme activity.\*
- Jade GreenZymes can be consumed by anyone — even young children — at any time.
- In powder form, Jade GreenZymes can be mixed with any cold beverage or food. The convenient, all-vegetable capsules also deliver a concentrated serving of these nutrients.
- Jade GreenZymes is the inspiration of a Japanese medical scientist, Dr. Yoshihide Hagiwara. Dr. Hagiwara devoted his life's work to finding a natural substance that would promote health — with ingredients that support the body's nutritional needs.

PRODUCT INFORMATION	
ITEM CODE	DESCRIPTION
#15553	Jade GreenZymes® jar (US) - 50 servings
#15555	Jade GreenZymes® capsules (US only) - 30 servings
#13553	Jade GreenZymes® jar (CN)- 50 servings
AVAILABILITY	
Jar - US: YES CN: YES	
Capsules - US: YES CN: NO	
FEATURED NIKKEN TECHNOLOGY	
A proprietary barley grass powder and blend.
